

# Scavenger Collage Challenge

## A fun Jamboree Challenge - back again for 2016 !

Instructions for the Scavenger Collage Challenge will be handed out at the Opening Ceremony, but here's a sneak peak at what this challenge is all about. You can practice ahead of time before the Jamboree.

1. You can do this challenge by yourself or form a team of up to 4 people. Try and make your team various age levels. If you don't have a team, come to the Clerk's desk and we will help you form a team for this really fun new Challenge.
2. You can work on this Challenge in between your classes and other activities starting on Friday morning and ending at Saturday at 12:01 p.m.
3. Each team will be given a phrase and you must take a photo of an object beginning with the same letter as each letter in the phrase. You will then put these photos together in a creative collage and post to the All American Youth Jamboree website no later than 12:01 p.m. on Saturday. Once posted on the website, you will collect "likes" for your creative collage. The team with the most "likes" is the winner of this Challenge! Voting will end at 12:01 on Sunday. Prizes will be given to 1st through 3rd place!

Here's a sample of how it is done .....

1. The phrase for this example is:

Have  
Fun  
Be  
Happy

2. Download the Pic Collage App to your cell phone.
3. Find objects that begin with each letter in the sample phrase and take a photo. Example the first letter is "H", so how about a photo of a hand? The next letter is "a". What will you take a picture of that begins with the letter "a"? The next object to photo must begin with "v".
4. After you have collected all the photos you need, open the app and use the first single plain layout.
5. Tap and find the photos you've taken on your phone.
6. Download the photos needed for the first line of the phrase. Arrange them in order to spell out your word. Photos can be moved around and sized.

Pic Collage  
App

7. Now download the photos needed for the second line of the phrase and arrange them in order. Repeat these same steps for lines 3 & 4 of the phrase "Have Fun Be Happy".
8. You can now add a background, stickers, or letters to your pictures, and decorate your collage. Also add your team name as a title for your collage.
9. When your collage is complete, save to your photo library.
10. Go to the All American Youth Jamboree facebook page and post your finished collage for voting.
11. Vote for your own collage by checking "like". We encourage you to also "like" at least one other team's collage as well as your own.
12. You may promote your collage to your friends and family to get more "likes".
13. The top 3 collages with the most number of "likes" by Sunday, June 22nd, at 12:01 p.m. are the winners!

Here is an example of a completed collage of this sample phrase, "Have Fun Be Happy". A background, a sticker, and a team name have been added to decorate this collage! Now you can practice with this sample.

Note: The photos must be ones that you have taken. No images from the internet are permitted. You may only use each photo once.
